The Board reviewed enforcement actions taken against Alabama licensees by other licensing jurisdictions.

13-145. IT WAS MOVED by Mr. Santora and seconded by Mr. Wilbanks that a Complaint investigation be initiated regarding MS1, and MS2. MOTION CARRIED 6-0.

The Board discussed methods to address actions taken against Alabama licensees by other licensing jurisdictions involving noncompliance with continuing professional competency requirements. The Board reviewed pending cases that the investigative committees have completed to accept, modify, or reject the suggested courses of action.

13-149. IT WAS MOVED by Mr. Wilbanks and seconded by Mr. Foust that there was probable cause that Jerry Hutcherson PE #18212 placed his signature and professional engineer seal upon design plans prepared for Construction & Building Logistics of Daphne, Alabama which may have contained violations of applicable building codes and the standards of practice for engineering in the State of Alabama. The accepted terms of the Consent Order are that Mr. Hutcherson and his firm pay \$1,250 fine to the Board, his professional engineer license will be subject to a 2 year stayed suspension period, he must complete a ten professional development hour engineering ethics course and the matter will become a public record. The Board accepted the Consent Order and issued the Final Order. MOTION CARRIED 5-0 with Mr. Santora recused. (Case 2011-42-B)

13-150. IT WAS MOVED by Mr. Santora and seconded by Mr. Barter that there was probable cause that Philip Fretwell, PLS # 8113 was employed by Mr. and Mrs. Austin to perform land surveying services that would divide one acre from a multiple acreage property. Mr. Fretwell performed the necessary field work as requested and received payment in the amount of \$500.00. Mr. Austin later requested that Mr. Fretwell return to the property to increase the size of the lot and Mr. Fretwell advised him the work would require an additional \$250.00. The two of them could never reach an agreement on the additional fee therefore Mr. Fretwell never returned to the property to provide land surveying services and never provided Mr. Austin with a survey. The accepted terms of the Consent Order are that Mr. Fretwell must provide the client's wife a completed survey within 14 days of the date of Final Order, and the matter will become a public record. The Board accepted the Consent Order and issued the Final Order. MOTION CARRIED 5-0 with Mr. Foust recused. (Case 2013-02-B)

A list of 15 Certificates of Authorization issued to engineering firms (CA-4612-E through CA-4626-E) since the April 17, 2013 Board Meeting were reviewed.

13-152. IT WAS MOVED by Mr. Wilbanks and seconded by Mr. Santora that the Board ratify the approval of Engineering Certificates of Authorization CA-4612-E through CA-4626-E issued since the April 17, 2013 Board Meeting and that the list of those issued be included in the minutes on **Attachment #4**. MOTION CARRIED 6-0.

Certificates of Authorization applications which had anomalies were discussed by the Board

13-153. IT WAS MOVED by Mr. Foust and seconded by Mr. Wilbanks that the Board approve the Certificate of Authorization application of Gann Engineering. MOTION CARRIED 6-0.

The Board was asked by Fontaine Engineered Products, Inc that they be allowed to register with the Secretary of State's office without meeting the certificate of authorization requirements of the Board. The Secretary of State's office will not issue them a certificate of authority (qualify them to do business) until the Board identifies that there is not an issue with the use of the protected term "Engineered" in the firm's name.

The information provided by the firm identifies their engineering activities are restricted to the design and modification of their unique/patented products. The firm will not offer engineering services to the public but it does have the term "Engineered" in its name.

13-154. IT WAS MOVED by Mr. Foust and seconded by Mr. Wilbanks that the name Fontaine Engineered Products, Inc fits within the current law and the firm may retain the title "Engineered" in its name and is not required to obtain a certificate of authorization. MOTION CARRIED 6-0.

LEGISLATIVE – Mr. W. Gerald Wilbanks, Advisor

The Board discussed the status of its pending legislation that was introduced in the 2013 General Session. (HB 355/SB 232). The passing of this legislation is urgent since the Board may not be able to offer the Fundamental Exams once they convert to computer based exams under its current law.

13-155. IT WAS MOVED by Mr. Foust and seconded by Mr. Christy that the Board should continue renting space in the RSA Union Building and enter into a lease with RSA for Suite 382 and 387 for a five year period. MOTION CARRIED 6-0.
